1. Go to your Bubbleshare page.

2. Click on where it says SHARE ALBUM.

3. One click on the text next to the top slideshow turns the whole thing blue and makes sure you can get the whole lot. Go COPY.
4. Log into your blog. Click on the tab that says edit HTML so that is to the front.

5. Click inside the posting box and go PASTE. A whole lot of html type code will go into the posting box.

Go PUBLISH

6. You will get an error message. Tick the little box that says STOP SHOWING ERRORS IN THIS POST.
7. Click publish again.

8. If this doesn’t work close the computer down and go and have a cup of tea and a lie down.
